

Cornell University
Entrepreneurship@Cornell

What is Celebration?

Entrepreneurship@Cornell Celebration is the milestone annual entrepreneurship event that brings together over 500 students, alumni, faculty and staff. With eleven colleges and programs participating, this year's event promises to be the most collaborative and comprehensive yet. The two days will include: symposia from all eleven participating groups, the final stages of two business idea contests, a showcase of technologies that are being commercialized, and a celebration of Cornell's Entrepreneur of the Year.
